Carla

When we asked the incredibly sexy Carla to tell us what makes her feel really sexy, she replied: "I think it has to be a guy who knows how to kiss… everywhere. I suppose that just the feel of soft lips on my skin, plus an active, delving tongue, is enough to send me into ecstasy. Out of all the guys I've had, only two or three really knew how to kiss and lick me properly, you know, exploring the folds of my pussy with their tongues. Okay, so you don't get the best licker every time, but it sure is fun searching the right one out!" Which makes us wonder whether Carla was talking tongue-in-cheek.

Jenny

"Give me a guy with a big smile and a big dick, and leave the rest to me!" declares the fabulously sexy Jenny. "No, that sounds a bit size-ist, I suppose," she adds, thoughtfully. "The fact of the matter is, I'm not that mad on big dicks. They usually tend to hurt me. It's okay if the guy gently inches it up me, but when you get a plonker with a big one who wants to penetrate you with the subtlety of a charging elephant, then I'd rather spend a pleasant evening with my dildo. At least you don't have to deal with a 'pushy' dickhead!"

Ghost of a Chance

When beautiful Page Three girl Jo-Ann Guest posed for this exclusive For Men photo set, we got two models for the price of one – except that one was totally uninvited! Yes, on seeing the developed pictures, we were amazed by the ghostly apparition of a second girl. As Jo-Ann put it: "I know that the photographer's studio is in a very old building but I don't really believe in ghosts, although this makes you think, doesn't it?" It certainly does, Jo-Ann. In fact, exhaustive tests using all the latest technology have still been unable to uncover the mystery of the phantasm. But, ghosts aside, we still believe that these pics of the lovely Jo-Ann are enough to keep anyone up all night!

Julia

"For me, there's nothing quite like a well-hung guy with a sense of humour," the fabulously sexy Julia openly declares. "You see, I'm just a sucker for a guy who can make me laugh!" Er, we think we know what you mean, Julia. Tell us more… "Well, to give you an example, I met a hunk at a bar recently. He made me laugh straight away and I knew he was in with a chance. All he had to do now was prove that he could use his body as well as his mind. He certainly did too! Back at his place, he appeared from the bathroom performing a wet towel balancing act. That was when I knew that he would be able to meet my two modest demands – lots of laughs, and lots of dicking!" Talk about poking fun!

FOR MEN

"Until recently, I was a very shy girl," says the delectable Katherine, with a glint in her eye. "But all that changed when I went to Ibiza on holiday. I met some great French guys who really knew how to party. On most nights, you'd find me dancing in just my panties on the bar tops of clubs. At dawn, we'd go back to their apartment and I'd do a little show for them all, and then decide who to have that night. Believe me, I made sure the best man always won!"

Melinda

Since leaving college with a diploma in dress designing, Melinda has had a number of jobs, including waitressing, running a clothes stall in a street market, and has even worked in a car wash. "I think my favourite job was as a drinks waitress in a big London disco," she says. "There I was in this tiny outfit, with my tits pushed up to my chin, mincing about the club in six-inch heels. Some guys used to tip me just for walking past and smiling at them. I actually met a couple of real red-hot lovers in that club. One took me home late one Friday night and made love to me until Sunday night – with a couple of breaks, of course! The funny thing was, he wouldn't let me take off my work uniform. Still, I s'pose you've got to keep the customer satisfied!"

Jessie

"I used to work in a bakery," states the adorable Jessie. "There was this young guy who also worked there. We'd always tease each other in a sexy way. It was all good, clean fun, until one day when we were both in the back room. Well, one thing led to another and I was soon wanking him off. I tell you, his dick was like a French baguette! He soon had my knickers off and was playing with my pussy. It became a bit of a habit, and I think we had it off about six or seven times before I left. I'll never forget my young lover and his French stick." And we bet he hasn't forgotten you and your delicacies either!
